Drawing together a variety of inclusive, liberal and progressive groups, this fifth Partnership Day provides the opportunity to hear up-to-date reports of current work from each group.

Because of the large number of groups taking part (which is great!) each group will have only have 5 minutes to give a verbal report. Some groups may wish to circulate a more detailed summary to those attending.

The day provides an excellent opportunity to network with key people from each group - so we will be encouraged to make full use of the refreshment breaks and lunch.

The programme is full – we are including an opportunity to meet with the person who by then (hopefully!) would have been appointed as coordinator of the Synod 15 project.

The Synod 15 group will be having a planning meeting from 2.30 p.m. which as you will see will be open to any partners who may wish to stay on.
