

DIOCESE OF EDMONTON SPECIAL SYNOD SCENE

December 10, 2009

Dear Friends:

Now that the H1N1 vaccine has been universally available for some time, I am pleased to invite you to resume sharing the Peace in your normal way. I know that you will respect the wishes of those who wish to continue to share the Peace with a nod or a smile, but if it is your practice to shake hands or hug, you are welcome to do so.

The practice of intinction (dipping the wafer) is still discouraged.

Please continue with the use of hand sanitizers during this flu season, and continue to pray for those suffering with the flu virus.

In Christ,

+Jane

The Right Rev. Jane Alexander
Bishop of Edmonton
